WaggleKin: Local Dropshippers by Country

Prepared: 11 November 2026 · **Markets:** US, Canada, UK, Australia, EU/Malta **Companion to:** `suppliers.md` (global platforms, product costs, compliance and tax) **Scope:** Research only. Nothing was signed up for, contacted or bought.

> **How this list was built.** One researcher per market searched directories, Shopify App Store listings, local-language queries and supplier websites. A separate fact-checker then tried to *disprove* every candidate: wholesale-only, no stock in the country, no real pet range, dead site, or wrong facts. Only the suppliers that held up are listed below. The ones dropped, and why, are at the end of each section so you don't waste time on them. Most terms come from the suppliers' own pages. Where a fact comes only from a third-party roundup it is marked *(3rd-party)*. **Confirm fees, stock and eligibility for a Malta company with each supplier before you list products.**
>
> The global platforms in `suppliers.md` (CJdropshipping, Syncee, Spocket, Zendrop, DSers, BigBuy, AutoDS, Doba, Faire) are **not repeated here**. They remain the fallback wherever a country has no good local option.

WaggleKin products (numbers used below): 1 calming donut bed · 2 self-cleaning slicker brush · 3 water fountain · 4 lick mat · 5 automatic feeder · 6 cat feather wand · 7 cooling gel mat · 8 2-in-1 travel bottle

Quick answer

Market	Best local picks	Has a Shopify app?	Will they take a Malta company?	Main gap
US	**TopDawg** (marketplace, all 8 likely) · **Pet Wholesale USA** (free, blind) · **Pet Stores USA** (blind, same-day dispatch)	TopDawg ✅, PetDropShipper ✅	⚠️ Most want a US resale certificate (state sales-tax permit). TopDawg doesn't state a requirement	Branded goods (KONG etc.), not white-label
Canada	**Costway CA** · **Aosom CA (PawHut)** · **DropCommerce** / **AppScenic** (filter: ships from Canada)	DropCommerce ✅, AppScenic ✅	⚠️ Unclear; some Canadian suppliers want a GST/HST number	No Canadian pet-specialist dropshipper accepts new online stores. Products 2, 3, 4, 6, 8 have no confirmed local source
UK	**Avasam** (marketplace) · **MH Star / Aosom UK (PawHut)**: fountain + feeder · **Go Dropship** (cheap, blind) · **Gor Pets** (beds)	Avasam ✅	⚠️ Gor Pets requires UK VAT + EORI. You need UK VAT registration anyway (from first UK sale)	Products 2, 4, 8 have no confirmed UK dropshipper
Australia	**Dropshipzone** (biggest, accepts overseas businesses) · **Southern Pet Supplies** (pet specialist, needs ABN) · **iDropship**	Dropshipzone ✅, iDropship (Hawker) ✅	✅ Dropshipzone (confirm). ❌ Southern Pet & Ozdingo need an Australian ABN	Few truly blind/own-brand options
EU / Malta	**Warmako** (NL; fountains, lick mats, wands, Kurgo bottle) · **Petdiscount** (NL; ships to 25 EU countries, blind) · **Van der Meer** (NL/BE/DE) · **Alizoo + Droplo** (PL)	Van der Meer (via GoGetters), Droplo ✅, Warmako (via Droppery)	✅ Mostly, with a VIES-valid MT VAT number. ❌ Spanish/Italian suppliers want a local tax ID	**Malta itself:** no supplier confirms dropship delivery to Malta; no Maltese wholesaler dropships

Which local supplier covers which product

Plain name = item seen on the supplier's site. *(likely)* = the category exists but the exact item isn't confirmed. **—** = no local dropshipper found, so use CJ's local warehouse. In the US, **TopDawg** probably has all 8 through its marketplace; check SKU by SKU.

Bottom line: in every market, **local pet-specialist dropshippers are rare** and most sell other people's brands (KONG, LickiMat, PetSafe, PawHut), not unbranded products you can sell as WaggleKin. The realistic setup is:

1. **CJdropshipping local warehouses** for the WaggleKin-branded basics (brush, lick mat, wand, bottle), as `suppliers.md` recommends.
2. **The local suppliers below** for bulky or electrical items (beds, fountains, feeders, cooling mats), where local stock and local plugs matter most.
3. Later, for best sellers, **your own stock in a local 3PL** (Southern Pet in Australia already offers this).

🇺🇸 United States

Context: duty-free de minimis ended on 29 Aug 2025, so cross-border parcels now pay duty plus brokerage at the door. **Use US-warehoused stock.** The genuine US pet distributors sell **name brands** at a set wholesale price, so your margin comes from your retail price, not from white-labelling.

TopDawg ⭐ best fit

- **Site:** topdawg.com · Fort Lauderdale, FL. A marketplace: products ship from many US supplier warehouses, so one cart can ship from several places.
- **Pet range:** 500k+ products overall with a dedicated pet department; versions of all 8 products are likely (not checked SKU by SKU).
- **Shopify:** ✅ TopDawg Wholesale Dropshipping app (5.0★, 21 reviews). API on Premier.
- **Cost (Nov 2026):**

Plan	Monthly	Annual billing	Products	Wholesale discount	Per-order fee
Start-Up	Free		browse only		
Business	$49.99	$34.99/mo	1,000	4%	$1.50
Scale	$99.99	$69.99/mo	5,000	7%	$1.25
Premier	$199.99	$139.99/mo	25,000		$0.75

  Prices are per integration. Returns and restocking may fall on you.
- **Delivery:** tracking within 1 business day; transit depends on the supplier.
- **Blind / branded:** branded packing slips on **Scale and above**.
- **Apply:** sign up or install the app (7-day trial). Non-US eligibility isn't stated, so ask.

Pet Wholesale USA (formerly Lee-Mar Pet)

- **Site:** petwholesaleusa.com · Vista, California; distributor since 1973.
- **Pet range:** 10,000+ items from 200+ brands (KONG, Four Paws, Nylabone…), heavy on aquatics. Likely covers **2, 4, 6, 8**, possibly 3 and 5; 1 and 7 unconfirmed.
- **Shopify:** no app. A product data feed is available; dropship orders are placed manually on their site with your customer's address.
- **Cost: free**, "No fees, period", no dropship fee. Minimums are stated inconsistently ("low" vs "none"). Flat-rate shipping by subtotal.
- **Delivery:** FedEx/USPS, 1–5 business days, 48 contiguous states only (no AK/HI).
- **Blind:** ✅ your store name on the label, no packing slip.
- **Apply:** online application. **Requires a verifiable US resale tax ID.** A Malta company would likely need a US state sales-tax permit first.

Pet Stores USA (UTM Distributing)

- **Site:** petstoresusa.com/drop-shipping · Cincinnati, Ohio; one central warehouse; in pet since the 1960s.

- **Pet range:** 2,500+ name-brand items: beds (incl. cooling, bolster, "Calming" category), grooming, automatic feeding/watering, toys, travel. Likely covers **2, 5, 7, 8**, possibly 1 and 6. **No fountains or lick mats seen.**
- **Shopify:** no app or API. Order by email, the wholesale site, or by uploading a spreadsheet; you get a product spreadsheet (UPCs, stock, images).
- **Cost:** not public. *(3rd-party)* no membership fee.
- **Delivery:** orders before 12pm EST usually ship the same day; tracking emailed.
- **Blind:** ✅ "We ship under your name to your customer's door."
- **Apply:** contact form, customerservice@petstoresusa.com, or 888-300-5139. Ask whether a Malta company is accepted.

PetDropShipper

- **Site:** petdropshipper.com · Fairfield, New Jersey; one US warehouse.
- **Pet range:** 300+ brands (KONG, Drinkwell, Kaytee…). Likely covers **1, 2, 3 (Drinkwell fountains), 5, 6**, possibly 8; no lick mats or cooling mats seen.
- **Shopify:** ✅ PetDropShipper app (1.7★ from 4 reviews), plus CSV / daily inventory files.
- **Cost:** app **$109/mo**; "No minimums, no dropship fees"; shipping pre-charged per order. No Amazon/eBay resale.
- **Delivery:** processing 3–5 business days, which is slow.
- **Blind:** unknown; ask info@petdropshipper.com.
- **Apply:** register on the site or install the app. *(3rd-party)* international retailers need prior approval and a minimum order, and the terms favour US retailers.

Essential Pet Products

- **Site:** essentialpetproducts.com · US (East Coast/Florida, unconfirmed). Pet-only distributor, 20+ years.
- **Shopify:** no native app; product feed via Inventory Source (~$99–199/mo extra, *3rd-party*).
- **Cost:** *(3rd-party)* no setup, dropship or order fees; no minimums.
- **Delivery:** *(3rd-party)* ~1 day processing, 3–7 days.
- **Blind:** ✅ *(3rd-party, two sources)*.
- **Apply:** "Authorized Drop Ship Retailer" application. **Reportedly US residents/firms only.** Lowest priority unless you set up a US entity.

Dropped after checking (US): WholesalePet.com (wholesale marketplace, no dropship) · Mirage Pet Products (site dead) · Bradley Caldwell (B2B distributor, no dropship programme) · Costway US (real programme but almost no pet fit) · EPROLO US warehouse (China-based platform; US pet stock unconfirmed).

🇨🇦 Canada

The hard truth: almost no Canadian pet distributor dropships for online stores. The researcher checked Pet Science, Can-Pet, Paw Pro Supply, Avapet, Olego, Maddie's, Anipet, Trident and CanDistribution. All are B2B wholesalers selling to physical shops. Pet Science explicitly excludes online-only stores, and Harbour Hound (the one pet specialist with a programme) is closed to new clients. Canadian brands in your range (Catit/Hagen fountains and feeders, Messy Mutts lick mats, Bowsers beds) sell **wholesale only**, mostly via Faire.

What *does* work from Canadian stock:

Costway Canada

- **Site:** costway.ca/points/dropship · warehouses "east to west" across Canada.
- **Pet range:** mostly bulky items: calming couch bed (C$42.99), orthopedic beds, crates, cat trees. Covers **1 (partial)** only.
- **Shopify:** no app. Orders go in through a "Dropship Center" account; there is a daily stock/price data file.
- **Cost:** free. Discount off retail by last month's volume: **16%** (<20 orders), **18%** (20–39), **20%** (40+). MAP = Costway's own price, so margins are thin. No Amazon, Walmart, Wayfair, eBay, Home Depot or Lowe's.
- **Delivery:** ships next business day, 3–10 business days, UPS/FedEx/regional carriers; free standard shipping. No territories, PO boxes or many remote postcodes.
- **Blind:** ✅ "price tag and invoices will not be included".
- **Apply:** "Submit My Application", then email dropship.ca@costway.com for reseller e-certification.

Aosom Canada (PawHut)

- **Site:** aosom.ca/page/dropshipper · Markham, Ontario (office; warehouse locations unconfirmed).
- **Pet range:** PawHut automatic cat feeders (timer, Wi-Fi, camera) and cooling cots. Covers **5**, partly **7** and possibly **1**. Products are PawHut-branded.
- **Shopify:** no app; manual ordering (a data feed exists on the US programme).
- **Cost:** *(3rd-party)* no fee, no minimum. No Amazon/eBay/Wayfair resale.

- **Apply:** sign-up form, then approval. Ask whether a Malta company is accepted. Medium-low confidence until Aosom confirms its Canadian warehouses.

DropCommerce (marketplace, Kelowna BC)

- **Site:** dropcommerce.com · 400+ suppliers, all US or Canada; pet is a category.
- **Shopify:** ✅ DropCommerce app (4.7★, ~130 reviews).
- **Cost:**

Plan	Price	Products	Notes
Free	$0	25	browse, samples
Basic	$29/mo	25	
Growth	$55/mo	250	branded invoicing
Pro	$95/mo	unlimited	auto-fulfilment

  No transaction fees; 14-day trial.

- **Delivery:** 2–7 days; set by each supplier.
- **Caveat:** no confirmed "ships from Canada" filter. Check each supplier's origin.

AppScenic (marketplace with a Canadian pet supplier)

- **Site:** appscenic.com/start-dropshipping-in-canada · lists a Canadian **Pets** supplier (ID CA-2022-1562), 2–5 day delivery.
- **Shopify:** ✅ "DropShipping AI - AppScenic" (3.9★, 48 reviews).
- **Cost:** you need at least **Standard $39/mo** to push products (Pro $79, Elite $99).
- **Caveat:** that supplier's catalogue and blind-shipping policy are unknown until you sign up.

Dropped after checking (CA): Harbour Hound Pet Distributing (closed to new clients; Canada-only proposals) · inQ Boutique (Doba listings ship from the **US** only) · "Leading High-Quality Pet Products" = Pet Science Ltd (excludes online-only stores) · CentralPet (US B2B portal, not Canadian).

Canada gotchas:

- **Tax:** goods sold from Canadian warehouses mean registering for normal GST/HST once sales pass C$30k. A Canadian supplier dropshipping for an unregistered non-resident must charge you GST/HST under the drop-shipment rules. Register early.
- **Language:** English + French labelling is required, and Quebec (Bill 96) also needs French product pages.
- **Electrical:** the fountain and feeder need CSA/cUL/cETL.
- **Shopify Collective doesn't work:** it requires the retailer and the supplier to be in the same country and currency.
- **Practical answer for products 2, 3, 4, 6, 8:** CJ's Canadian stock (reported in Vancouver/Toronto, 3–7 days via Canada Post), Syncee with "Pet Supplies + ships from Canada", or ship from US stock DDP (as `suppliers.md` suggests).

🇬🇧 United Kingdom

Before anything else: as a Malta company with UK stock, WaggleKin must **register for UK VAT before its first UK sale**. There is no threshold for non-established sellers. Some suppliers also ask for a UK VAT number and a GB EORI just to open an account.

Avasam ⭐ marketplace

- **Site:** avasam.com · London; vetted UK suppliers ship from their own UK stock.
- **Pet range:** "verified local pet suppliers" *(3rd-party)*; the catalogue is only visible after sign-up.
- **Shopify:** ✅ Avasam app: automatic order routing and price sync.
- **Cost (ex VAT, promo prices):**

Plan	Monthly	Annual	Products
Free	£0		browse only
Starter	£15.75		25
Advanced	£24.92	£299/yr	250

Plan	Monthly	Annual	Products
Preferred	£49.92	£599/yr	10,000

0% transaction fees on paid plans. Through the Shopify app, billing is in USD (35.99–119.99/mo).

- **Caveat:** the pricing page has stale "all suppliers are based in the USA" text. Ask which suppliers hold UK stock and whether a Malta company can join.

MH Star UK (Aosom UK, PawHut brand): fountains and feeders

- **Site:** mhstar.co.uk/pages/b2b-services · London HQ; fulfilment centres in Bury St Edmunds, Peterborough, Doncaster, Northampton and Bedford.
- **Pet range:** PawHut automatic cat feeders (incl. Wi-Fi/camera) and 2.5–3.2 L stainless cat fountains. **The only confirmed UK dropship source for 3 and 5.** Also feeder stations, crates, gates. PawHut-branded, not white-label.
- **Shopify:** products by feed or API; no app.
- **Cost:** trade prices after you open an account; dropship fees not published.
- **Apply:** "Sign up today" / enquiry form. Wi-Fi feeders must meet the **UK PSTI** security rules, so ask for the statement of compliance.

Go Dropship

- **Site:** godropship.co.uk · UK warehouse (operated by a Shenzhen company).
- **Pet range:** small, cheap generic items: self-cooling mat £7.65 (**7, partial**), plush bed mats (**1, partial**), cat toy set, cooling bowl.
- **Shopify:** no app; download product files in batches of 30, then place orders one at a time or by batch upload.
- **Cost:** free membership; factory price + PayPal fee; free UK delivery; MOQ 1. PayPal or Google Pay only.
- **Delivery:** dispatched the same day before 9:30 GMT; 2–7 business days (Royal Mail, Parcelforce, DPD, Evri).
- **Blind:** ✅ neutral bag, no paperwork. **But no inserts allowed**, so no WaggleKin branding.

Gor Pets

- **Site:** gorpets.co.uk · UK pet manufacturer/wholesaler since 1999 (West Midlands).
- **Pet range:** dog beds incl. "Calming" and "Round" filters (**1**), mats, blankets, travel accessories, cat toys and beds. No fountains, feeders, lick mats or cooling mats.
- **Shopify:** none found; likely manual/CSV.
- **Cost:** trade prices after login. *(3rd-party)* free dropship, no minimum.
- **Apply:** trade registration → Business Type "Drop Shipping". **Requires a UK VAT number and an EORI.** Phone 0121 580 4984.

Costway UK

- **Site:** costway.co.uk · UK programme confirmed.
- **Pet range:** cat trees, beds, playpens (**1, partial**).
- **Shopify:** daily CSV after certification; no app.
- **Cost:** discount by cumulative sales: 10% (<£2k) up to 20% (£30k+).
- **Apply:** you must already run an online store; certification takes 2–5 days. No delivery to the Channel Islands, Isle of Man, Scilly or Scottish islands.

Dropped after checking (UK):

Supplier	Why dropped
TBTrade	Genuine, free and blind, but its pet range is 9 items and none match. Keep as a generic backup only
SaleYee	Shenzhen platform; UK pet stock unverifiable
Baker & Bray	Commission scheme for physical pet shops
Charles Bentley	Needs £500k annual website turnover
Paws Pet Supplies, Pet Supply UK	No official site found; only in roundups
Petplanet	A retailer, went into administration, no dropship. **Remove from** `suppliers.md`
Puckator	Has shut down, though roundups still list it
vidaXL	No UK warehouse

UK gaps & leads:

- No confirmed UK dropshipper for **2 (slicker brush), 4 (lick mat), 8 (travel bottle)**: use CJ UK stock.

- **HugglePets** (Wolverhampton) makes calming donut beds, a direct match for #1. It sells wholesale through Pedigree Wholesale, Faire and Creoate, but it is worth emailing to ask about dropshipping.
- **Petlibro UK** holds UK stock of fountains and feeders but sells direct to consumers only.

🇦🇺 Australia

Registration is the main hurdle: most Australian dropshippers want an **ABN**. Dropshipzone and dropXL are the easiest for a Malta company. Getting an ABN as a non-resident is possible once you're making sales connected with Australia; ask an accountant. Several suppliers quote prices **including GST**.

Dropshipzone ⭐ biggest local platform

- **Site:** dropshipzone.com.au · Hawthorn East, VIC. A marketplace: Australian suppliers must hold stock in Australia.
- **Pet range:** large pet category: calming beds (i.Pet, Fur King, YES4PETS, Pawfriends, Vaka) (**1**), automatic fountains (**3**), automatic feeders (**5**). Others are likely given the catalogue size.
- **Shopify:** ✅ Dropshipzone app (4.3★), plus API and CSV.
- **Cost: free**, no subscription. Pay per order (card, PayPal, credit limit); prices include GST; no MOQ; bulk discounts at 10+ units.
- **Delivery:** dispatched in 1–2 business days; Australia only.
- **Blind:** partial. No contact with your customer, but the **label shows the supplier as sender**. No custom packaging.
- **Caveats:**
  - Some sellers are **overseas suppliers**, so filter for Australian stock on each SKU.
  - Sign-up mentions a "valid local business number for international partners". Confirm that a Malta registration or VAT number is enough.

Southern Pet Supplies (formerly Agline) ⭐ best pet specialist

- **Site:** southernpetsupplies.com.au/dropship · Adelaide, SA; own warehouse.
- **Pet range:** thousands of pet SKUs, all third-party brands. Covers:
  - **4** (LickiMat)
  - **5** (2-in-1 gravity auto feeder/drinker)
  - Slow/enrichment feeders (Outward Hound, Nina Ottosson, PetSafe)
  - Beds (**1**, calming not confirmed), brushes (**2**), travel (**8**), cat toys (**6**)
- **Shopify:** no app or feed; order through the trade portal.
- **Cost: no signup, account or transaction fees, no minimum.** Freight by published table (ex GST):

Destination	From
SA metro	$7.05
VIC/NSW capitals	$7.60
WA/ACT/QLD capitals	$8.50
Regional	$9.95

  It also runs a **3PL for your own stock**: inbound $10/carton, storage $12.50/pallet/month, pick and pack from $1.79/item.
- **Apply:** application → "eCommerce store". **Requires:**
  - an ABN, plus a registered business name matching your trading name
  - a live website with Australian Consumer Law-compliant policies
  - a custom Shopify theme, your own domain and a professional email

  Amazon/eBay/Kogan only with written approval.

iDropship

- **Site:** idropship.com.au · Moorabbin, VIC; local warehouses; ships to AU and NZ.
- **Pet range:** pet category; *(3rd-party)* ~670 pet products. Coverage unconfirmed.
- **Shopify:** ✅ **Hawker** app (launched Jul 2024, no reviews yet).
- **Cost:** free to install; *(3rd-party)* no monthly or setup fees.
- **Blind:** *(3rd-party)* white-label packaging standard.

- **Caveat:** its Trustpilot reviews (3.3★) are old, so ask for references.

Ozdingo

- **Site:** ozdingo.com.au · Brisbane, QLD.
- **Pet range:** small (231 items, mostly poultry gear), but includes a dog cooling mat (**7**), cat teasers (**6**), a portable pet bottle (**8**) and fountain filters.
- **Cost / integration:** sources conflict. *(3rd-party)* free, "Ozdingo Connect" A$10/mo per 10 SKUs, **ABN required**.
- **Delivery:** ships within 1 business day; free shipping within Australia.

Flea Circus Pet Supplies

- **Site:** fleacircuspetsupplies.com.au · Melbourne.
- **Pet range:** fountains (**3**), LickiMat (**4**), grooming (**2**), wand lures (**6**), travel (**8**). No calming beds or cooling mats.
- **Terms:** unknown (the page is behind a bot check). Wholesale targets pet businesses, so phone 03 8768 8345.

Aussie Dog Products (add-on only)

- **Site:** aussiedog.com.au/dropship-dog-toys · Ferntree Gully, VIC.
- **Pet range:** 30 durable dog toys and treat dispensers; none of the 8 products directly.
- **Cost:** 20% below RRP; no minimum.
- **Blind:** ✅ no paperwork.
- **Apply:** order by email or phone.

Dropped after checking (AU):

Supplier	Why dropped
dropXL / vidaXL AU	Genuine (Melbourne warehouse, €30/mo), but its AU pet category has 274 items, mostly hutches. No fountains, cooling mats or bottles, and boxes are vidaXL-branded
Simply Wholesale	Large pet list, but no published terms, stock location or address
HeyHey / SOGA	Only 71 pet items, mostly carriers
Petgo	Site wouldn't load; unverifiable
DropshipOnly	Looks dormant since 2021
Wefulfil	Ships from **China**, not Australian stock

Australian gaps: cooling gel mats (7) and a confirmed self-cleaning slicker (2) are thin locally. Electrical items need **Australian plugs plus RCM/EESS** compliance, which local suppliers handle; confirm on each SKU.

🇪🇺 European Union & Malta

Two things to know first:

- **Malta is the weak point.** No Maltese pet business dropships; they all supply local shops only. Most EU dropshippers either don't list Malta (Petdiscount, vidaXL, Hertwill) or haven't confirmed it. **Get a written Malta shipping quote before you switch the Malta market on.**
- **You need a VIES-valid Maltese VAT number** (registered under **Article 10**, not the Article 11 small-business scheme). Almost every EU supplier checks it. Selling from NL, DE or PL stock to consumers in other EU countries brings **OSS** reporting; see `suppliers.md` §4.2.

Unlike the US/UK/AU, the **Netherlands and Poland have real pet-specialist wholesalers that dropship**.

🇳🇱 Warmako ⭐ best product match (dropship route unconfirmed)

- **Site:** warmako.com · Rotterdam (Van Nelle Factory); own warehouse; dispatched within 48h.
- **Pet range:** 5,000+ branded dog and cat items (PetSafe, Kurgo, KONG, Scruffs, District 70, Almo Nature…). Its product list confirms:
  - **3**: PetSafe Drinkwell and ceramic fountains, plus filters
  - **4**: Quest lick mats
  - **6**: District 70 wand toys
  - **8**: Kurgo Gourd H2O bottle and bowl
  - **1**: box beds, not donut style

  No slicker brush, automatic feeder or cooling mat.

- **Shopify:** via the **Droppery** app; Warmako's stock was connected to it. Warmako used to pay the Droppery fee for retailers it onboarded. **That blog page now returns 404, so confirm dropshipping still runs.**
- **Cost:** wholesale shipping to **Malta is €40, free over €500** (B2B orders). Dropship parcel fees unknown.
- **Apply:** register your shop. Needs:
  - a valid VAT number
  - registration as a pet-supplies point of sale
  - an active webshop they can review

  No Amazon/Bol/Kaufland. Contact info@warmako.com, +31 10 311 8400.

🇳🇱 Petdiscount ⭐ widest EU delivery

- **Site:** petdiscount.nl/en · Emmen, NL; B2B pet wholesaler (Witjes, 35+ years). Private label also offered.
- **Pet range:** vet beds, plush mats and crate covers (**1**), KONG and cat toys (**6**). Fountains, feeders, lick mats, cooling mats, brushes and bottles were not seen.
- **Shopify:** none. You order through your account or an Excel order form; no feed or API.
- **Cost:** one price per parcel (processing + shipping, ex VAT). The 2022 English table is likely out of date; the current Dutch page says **€12.99 NL/BE**, other countries differ. 2022 table for reference:

Countries	Per parcel (2022)
NL, BE, DE, AT, DK, LU	€9.99
FR	€11.99
FI, IT, SE	€15.99
PL, PT, ES, CZ	€19.99
IE	€21.99
BG, HR, EE, HU, LV, LT, RO, SK, SI	€24.99
GR	€32.99

  Malta and Cyprus are not listed. Payment in advance. **No returns accepted on dropship orders**, so returns come to you.
- **Blind:** ✅ ships under your name, no invoices or flyers.
- **Apply:** register-dealer → tick "I want to use dropshipping". **Malta is in the country list.** An older rule said dropship is only for customers who also buy stock, so ask.

🇳🇱 Van der Meer Dierentotaal (NL/BE/DE only)

- **Site:** vandermeerrotterdam.nl/dropshipment · Rotterdam; one of the largest Dutch pet cash & carry wholesalers; ~10,000 branded items.
- **Pet range:** likely **1, 2, 4, 6**; possibly 3 and 7 (catalogue behind login).
- **Shopify:** ✅ via the **GoGetters** app (billed separately). XML/CSV over FTP; stock updates every 30 min.
- **Cost:** **€30/mo** (3-month minimum). Per-parcel rates are in a linked doc that wasn't readable. **€500/mo minimum purchases after 6 months**, or dropshipping is switched off.
- **Delivery:** **only NL, BE and DE**. NL next day; DE within 2 working days.
- **Blind:** ✅ blank box, no packing slip; label shows your company name.
- **Apply:** klant-worden → business type "Dropshipper". Needs a VIES-valid VAT number and a company register extract (an MBR extract for Malta). Brand restrictions apply to marketplaces only.

🇵🇱 Alizoo (pet wholesaler)

- **Site:** alizoo.pl · Wałcz, Poland.
- **Pet range:** dog and cat beds, bowls, collars, harnesses, toys (**1, 6**, maybe 2, 4).
- **Shopify:** via **Droplo** (see below); also BaseLinker, Sky-Shop, Selesto.
- **Cost:** Polish shipping 9–12 PLN net. **Other EU countries quoted individually.** Dropship orders get top priority.
- **Blind:** you can send your own shipping label (etykiety@alizoo.pl).
- **Apply:** dropshipping@alizoo.pl, +48 512 765 316.

🇵🇱 Zoologis (pet B2B platform)

- **Site:** b2b.zoologis.pl · Helenów (Warsaw).
- **Pet range:** food, accessories, grooming (**2, 6**, maybe 1).

- **Site:** dropea.com · operated by **Dropea Limited, Birkirkara, Malta**, so contracting and VAT are simple.

- **Shopify:** ✅ Dropea app (5.0★, 5 reviews).
- **Cost:** no monthly fee; per delivered order (rate not published).

🇲🇹 Malta: local options (not dropshippers)

None of these advertise dropshipping. They supply Maltese pet shops. **Borg Cardona & Co** (zoo.mt) carries **PetSafe, Kurgo, Scruffs and KONG**, the closest match to your catalogue. It's worth a call to negotiate **local fulfilment for Malta orders**. Others from directories:

- Serolf Trading Agency (Pembroke)
- Idea Natur 2000 (Sta Venera, +356 2147 0291)
- M A Imports (Fgura)
- Nygaard Imports (Mqabba)

Dropped after checking (EU):

Supplier	Why dropped
Freedog (ES)	Good range, but only wholesale accounts for shops, needs a Spanish tax ID. One email asking about dropshipping is worth it
Kerbl, Nobby, Duvo+, Wolters, TecTake, Deuba	No dropship programme found
PolZoo, Molos (PL)	Genuine pet dropshippers, but **Poland-only delivery**
DOGG B2B (CZ)	Wholesale only
ISO Trade, Malatec (PL)	No dropship programme, or site blocked
Droppery as a standalone source	Pivoted to home and living; only useful as Warmako's connector
Hertwill	Almost no pet range, no Malta
Tomtop	~25 pet SKUs in its German warehouse; blind shipping defaults to China
Octopia (Cdiscount)	Pet range not shown
01Supply	Defunct
Mabelpiel	Leather collars only
Borg Cardona, Glad Enterprises, D 'n' R Imports (MT)	Local distributors, no dropshipping

EU gaps: self-cleaning slicker brush (**2**), automatic feeder (**5**, except Prodac in Spain) and cooling gel mat (**7**) have no confirmed EU pet-specialist source. Use **CJ's EU warehouses (DE/PL)** or **BigBuy** for these, as `suppliers.md` recommends.

Next steps

1. **Apply where there's no barrier:**
   - Dropshipzone (AU), DropCommerce (CA)
   - TopDawg (US): free browse tier
   - Avasam (UK): free tier
   - Costway CA/UK
   - Petdiscount (EU)
2. **Email these with the same questions** (do you accept a Malta-registered company; blind shipping; fees; certificates for fountains/feeders; **do you deliver to Malta**):
   - Pet Wholesale USA, Pet Stores USA, PetDropShipper
   - MH Star UK, Aosom CA
   - Southern Pet Supplies, Flea Circus
   - Warmako, Van der Meer, Alizoo
   - HugglePets (beds), Freedog
3. **Call Borg Cardona (zoo.mt)** about fulfilling Malta orders locally.
4. **Register for tax where suppliers require it:**

   - UK VAT + EORI: needed anyway
   - an Australian ABN: unlocks Southern Pet and Ozdingo
   - a US state resale certificate: unlocks Pet Wholesale USA
5. **Fill the gaps with CJ local warehouses:**
   - products 2, 4, 6, 8 everywhere

- 2, 5, 7 in the EU
- most of Canada
